---

Dear DynaMed Plus user,

To begin using the DynaMed Plus iPhone app and Android application, follow the instructions below.

**Step 1:** Download the app from the [iTunes Store](https://apps.apple.com) or [Google Play](https://play.google.com).

**Step 2:** View the email on your device, then tap the authentication key.

(Note: You must access the link in Step 2 from your device. The activation link will expire in 48 hours.)

Questions? Visit the [support page](http://support.dynamed.com) or send an email to support2@ibmi.com.
Differential Diagnosis?

65 year old male who does not look well presents to ER with these complaints:

Toothache
Has felt very tired today ("not normal for him")

Create personal account in ClinicalKey & request remote access before opening app
Registration required to:
- Install app
- Download PDF book chapters
- Export images to PowerPoint (Presentation Maker)
- Add items to Reading List
- Track searching for CME
Stay Tuned...
If you haven't found what you're looking for in 15 minutes, it's time to contact a librarian.
